

Frank Zerkle-

I have lived in Corinne, Utah for 46 years and enjoy living in this community. I have been married to my wife Pam for 48 years and we have two sons, Matt and Kipp. We have 5 grandchildren we get to enjoy. I worked for ATK for 30 years as a pipefitter/plumber and worked for the Weber School district as a plumber for 11 years. I am now retired and have a small herd of cows that take up some of my free time.

I have served on the West Corinne Water Board of Directors for 8 years now and am willing to continue to serve my community.
